PROFESSIONAL SUMMARY

Result-oriented Engineer specializing in **AI Automation and Infrastructure Solutions**. Proven track record in modernizing legacy workflows and implementing AI-driven applications to enhance operational efficiency. Adept at bridging the gap between business requirements and technical implementation, with a focus on delivering scalable tools and optimizing digital transformation initiatives.

CORE SKILLS

Programming: Python, HTML, CSS, JavaScript, TypeScript, C#, C++

AI / LLM: LLMs, RAG, LangChain, Prompt Engineering, Vector Search, Embeddings, Context Engineering, MCP, AI Agents, Vertex AI, Claude Anthropic, GPT OpenAI, Gemini Google, Local Models

Frameworks / Automation: FastAPI, React, Node.js, Next.js, PyTorch, TensorFlow, Pandas, NumPy, OpenCV, Robot Framework, Playwright, Selenium, Apache Airflow, n8n, Make, Power Automate, UiPath

Infrastructure / Tools: Linux Server, Windows Server, VMware, Networking, Fortinet, Cisco, Docker, Git, Ansible (AWX), Grafana, Google Cloud, AWS

Databases / Platforms: SQL Server, PostgreSQL, MongoDB, Firebase, Supabase, Dataverse, ChromaDB, Qdrant, Pinecone, Power BI, Power Apps, Google Apps Script, AppSheet, Looker Studio

PROFESSIONAL EXPERIENCE

Sirivatana Interprint Public Company Limited

2026 - 2026

AI Context Engineer

- Design and develop AI-enabled applications and automation solutions for assigned business use cases.
- Analyze legacy workflows and implement modern tools and AI applications to improve efficiency and support digital transformation.
- Partner with cross-functional teams to deliver AI-driven solutions aligned with operational needs.
- Manage AI model and digital tool usage with attention to performance, cost efficiency, and return on investment.

C.J. Express Group Co., Ltd.

2021 - 2026

IT Infrastructure Section Head

- Led infrastructure rollout for new branches, ensuring reliable deployment, high availability, and on-time readiness.
- Automated Linux and POS provisioning using AWX (Ansible).
- Built Python scripts to streamline system administration and operational tasks.
- Troubleshoot deployment and configuration issues across branch environments.
- Managed enterprise network infrastructure including Fortinet, Cisco, and access points.

Lazada Co., Ltd.

2020 - 2021

IT Officer

- Maintained warehouse IT systems, supported basic server setup, and provided remote troubleshooting.
- Managed backups and automated routine tasks to improve support efficiency.

EDUCATION

Sripatum University - Bachelor's Degree in Information Technology | Aug 2025

Eastern College of Technology - Diploma in Business Computer | Sep 2019
